Hartman's Pharmacy of Sierra Madre is given recognition in the national publication, Sales Management Magazine, for "the outstanding merchandising" done by Owner Rudy Hartman.

The article cites Mr. Hartman's promotion work for selling Parker pens. The promotion included a free-trial offer and centered around a half-page ad in the NEWS.

## More Money To Fight TB Sought Here

Sierra Madre's cooperation in the 1951 TB Christmas Seal Sale was lauded today, but County Chairman Sherman Asche warned that donations throughout the area were some \$100,000 short of the \$550,000 campaign goal.

"This goal must be met if we are to conduct a full-scale tuberculosis control program here," said Mr. Asche.

"We would appreciate Christmas seal checks from those residents of Sierra Madre who have not yet made their contributions to this work," he added. Checks or money orders may be mailed to Christmas Seal Fund, Box 5735, Metropolitan Station, Los Angeles 55.

Local residents purchased \$49.27 worth of 1951 seals from the self-service merchandisers placed in stores. Sierra Madre chairman was Mrs. Vern Eppard, 270 W. Sierra Madre boulevard, whose work in the campaign was praised by Mr. Asche.

## Turner Exhibit Opens at Gallery

The new year marked the opening at Henry E. Huntington Art Gallery of an exhibition of watercolors, oils, engravings and drawings by the great English artist, J. M. W. Turner, who died just 100 years ago last month.

The display will remain on view until March. Hours are from 1 to 4:30 p.m. daily except Monday.

## Food for UN Prisoners of War

OAKLAND, CALIF.—Pacific Intermountain Express delivers a shipment of Red Cross Prisoner of War food packages to ship side at the Oakland Army Base. Three trailer loads arrived via P-I-E from Chicago in less than five days. The shipment which moved cross country by motor transport originated at Fort Meade, Maryland. Interstate Freight System of Grand Rapids, Michigan, transported the cargo as far as Chicago where it was turned over to P-I-E. Both carriers made their services available to the Red Cross without charge as a public service. The 1,250 cases of food packages have been sent to Korea for use whenever an agreement can be reached with the enemy on arrangements relating to prisoners. P-I-E driver in the picture is Ross A. Warren of El Sobrante, California, a veteran of the Korean War—having recently been released from active duty as a Chief Pharmacist's Mate in the Navy. During the time he served in Korea, Warren was a medic with the First Marine Division and was caught in the bloody retreat from Chosin Reservoir. Field Director James F. Hoffe is shown receiving shipment for the Red Cross.

## PUPILS RANK HIGH IN U.S. READING TEST

More than 4000 fifth grade pupils in 28 school districts of Los Angeles County have excelled in reading, by making scores above the national averages on the California Achievement Test.

These figures were released this week by Dr. C. C. Trillingham, county superintendent of schools, and Dr. Harry Smalenburg, director of research and guidance.

The 4000 tested showed a "great range in ability," as measured by scores on a mental development test, the California Test of Mental Maturity.

The total average scores averaged one month above the national levels in "total reading," but exceeded national levels by three months in "reading comprehension."

## MORE STATE INCOME TAX FORMS MAILED

An 11 per cent increase in the state income tax return blanks mailed this year was reported today by Thomas H. Kuchel, state controller and chairman of the Franchise Tax Board.

Mr. Kuchel said 1,637,000 blanks have been mailed, an increase of 170,000 over the total of a year ago.

Returns are placed in the mail this week, he said, to encourage early filing of 1951 returns. Last day for filing is April 15, 1952, after which a delinquency penalty will be assessed.

In the event taxpayers fail to receive a return, Mr. Kuchel advised contacting the nearest office of the State Franchise Board, since non-receipt of the required form is not a justifiable excuse for delay or failure to file.

## Purple Heart Chapter Opens Office Here

Headquarters were set up at the Hotel Sierra Madre Monday for the promotion of "Hollywood Varieties," a professional vaudeville show to be presented March 1 by the Pasadena Chapter No. 241, Military Order of the Purple Heart.

The Sierra Madre office is in charge of ticket sales, program advertising, and actual production of the show, which will be held at Pasadena City College.

Jonathan Osman, who is in charge of the show, is supervising a staff of solicitors. Five telephones are kept busy many hours of the day and night, as clerks canvass homes in Sierra Madre, Pasadena, South Pasadena, Altadena and San Marino.

Mr. Osman said proceeds from the benefit show will go into "general activities" of the Purple Heart chapter, such as hospital work, child welfare, individual welfare, and rehabilitation work.

Financial resources of the Purple Heart vets were almost exhausted during the Christmas season, he explained, when parties were given for approximately 1400 underprivileged children in the Southland.

The Purple Heart chapter works "hand-in-hand" with the American Legion and Veterans of Foreign Wars, stated Mr. Osman.

The office at the local hotel will be maintained "about a month," he said.

## MINOR YOUTH CITED HERE

A Pasadena youth has been cited to appear in Sierra Madre's "unofficial" juvenile court with Police Chief Gordon G. McMillan on Jan. 12.

The Pasadena City College student, a minor, was given a traffic ticket Dec. 31 for driving through a stop sign and having an illegal muffler on his car.

## Planetarium Show Draws Big Crowd

Rated just a shade less spectacular than the municipal scientific center's record-breaking "trip to the moon" show, "The Andromeda Galaxy," Griffith Park Observatory's current planetarium feature, is expected to shatter all January attendance records.

Using the same high-powered "space-travel" projectors which gave the simulated voyage to the moon such startling realism, Dr. Dinsmore Alter, director, and his associates will take planetarium visitors on a close-up inspection tour of the Andromeda Galaxy, a system of perhaps a million stars. The feature is presented Wednesday through Sunday at 8:30 p.m.

WITH 1951 accounted as the second worst polio year in California history, Governor Earl Warren and daughter, Nina, "Honeybear," urge continued public support of the March of Dimes throughout January, 1952. Both Governor Warren, state March of Dimes chairman, and "Honeybear," recovered victim of the disease, are active in the January polio-fighting appeal.

## 'Come Back, Little Sheba' Opens Jan. 17

"Come Back, Little Sheba," rated a topper of the 1950 Broadway season and one of the all-time dramatic smashes of the American theater, is slated for the Pasadena Playhouse stage from Jan. 17 to 27. The play tells the tale of a man who quit medical school to marry the girl of his young, ambitious dreams. A hapless life is mired by alcoholics and the drifting pair meet personal crisis to the best of their own weakness.

## PRE-NATAL ADVICE PAYS OFF IN IMPROVED HEALTH

By ROY O. GILBERT, M.D.  
Los Angeles County Health Officer

A little over a hundred years ago Lemuel Shattuck, a Boston book seller, made an extensive study of the public health of the State of Massachusetts. His report was published as a legislative document in 1850, and since that time it has become a foundation stone for building better health in America. Shattuck's report emphasized the fact that if the public expected to attain a healthier existence than they enjoyed in 1850 they should first of all direct their attention to the health problems of infancy.

Today the standard texts in public health point to the accomplishments since Shattuck's day and continue to recognize the field of child health as a basis for further advancement of the general health.

It has been known for a long time that the health of children has its beginnings during the pregnancy of the mother. It is during this period that prompt medical attention together with advice on diet, exercise, and hygiene pays off in better health for the baby as well as the mother.

To this end public health departments have set up classes or discussion groups for expectant mothers. The primary objective of this educational service is to point out to these women the advantages of early as well as periodic check-ups by their family physicians or obstetricians. In addition to emphasizing the values of good medical and hospital care, the public health nurse instructors explain the health rules of pregnancy.

It has been found that expectant mothers are particularly interested in how they should care for the baby after he arrives. By the time he does arrive, the mother has much factual information pertaining to such subjects as formula preparation, breast feeding, baby's bath, special equipment for the baby, clothing, safety considerations, and health habits of infants. She has learned that infant health is not only a matter of eating and sleeping but that it includes mental and emotional development as well.

She is conscious of the fact that her baby's first year is probably the most important of his life, a period in which a foundation is laid for future health and happiness. She knows that a healthy happy baby does not "just grow" but rather that he is partly the product of good care, good environment, and wise guidance and training.

Last year more than 3000 women attended classes conducted by this department in 24 locations throughout the county.

He also will play Schubert's Duo in A Major, Opus 162 for violin and piano; "Chaconne" for violin alone, by Bach; Debussy's "Sonata"; "Three Roumanian Dances" by Bartok; Paganini's "Caprice No. 24"; and "Introduction and Tarantelle" by Sarasate.

During the last three seasons, Spivakovsky has established a record of playing more than 51 orchestra appearances alone.

## MRS. WARDEN WAS LITERALLY 'BORN TO STAGE'

Mrs. Veronica Fredricks Warden of Sierra Madre, wife of the local Kiwanis Club's new president, will complete a week and a half of performances Sunday night when the final curtain comes down on "The Curious Savage" at Pasadena Playhouse.

Mrs. Warden, who portrayed "Mrs. Paddy" in the comedy, was written up extensively in the Playhouse News program and cast notes. The article said:

"New York City-born Veronica Fredricks Warden sports the middle name of Kantinka and for the very good reason that she was born while her mother and father were playing in that famous playbill when the stork showed up... Veronica has a long record stage-screen and radio-wise, she was with Emlyn Williams in the road tour of 'A Murder Has Been Arranged,' she was a busy worker during the days of 'Stage Door Canteen' in New York and toured nationwide with Clare Tree Major troupe in 'Dick Whittington and His Cat'... Veronica was a voice heard 'round the world during WW II for she made records for service men and their families, an exchange sort of deal that bridged a lonesome gap..."

## THERE'S STILL ROOM IN MOST M-D ADULT CLASSES

There still is room in most day and evening adult education classes sponsored by the Monrovia-Duarte Evening High School, it was announced this week by S. C. McClintic, district superintendent.

Although the semester officially opened on Jan. 2, Sierra Madreans may still enroll for the winter term by reporting either at the classes of their choice or at the Evening High School office, Colorado and Madison. There are waiting lists, however, for a few of the courses which were filled the first week.

(Editor's Note: Since so many Sierra Madreans have expressed interest in the adult education courses, the NEWS here publishes the complete schedule of classes.)

### Seagoing Beauty is Groomed for Debut

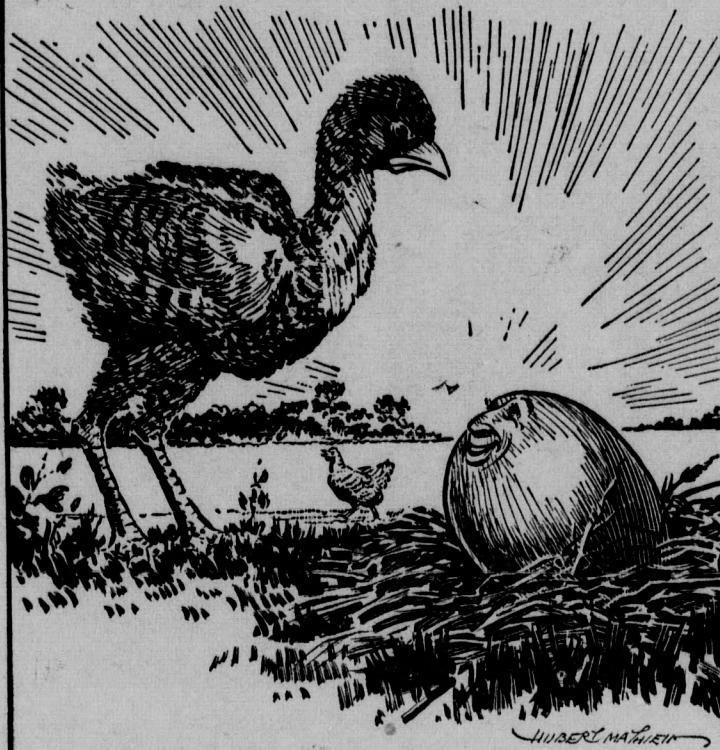

The giant liner United States, largest and fastest passenger ship ever built in this country, looms large against the winter sky at her outfitting dock in the Newport News (Va.) Shipbuilding & Dry Dock Company yard. This new superliner will join the America, present flagship of the United States Lines, in transatlantic service. The new vessel is now 85% completed, with interior installations well under way, and is scheduled to make her maiden voyage from New York to Southampton and Havre early next summer. Her peacetime capacity will be 2,000 passengers and a crew of 1,000, although in wartime she could carry a complete division of 14,000 men a distance of 10,000 miles without stopping for fuel, water or food.

## OUR DEMOCRACY—by Mat

### SPENDING OR SAVING—WHICH COMES FIRST?

THAT QUESTION IS REMINISCENT OF THE OLD SAW ABOUT THE CHICKEN AND THE EGG—SO INTERDEPENDENT HAVE SPENDING AND SAVING BECOME IN OUR MODERN COMPLEX SOCIETY.

THE MACHINES WHICH MAKE POSSIBLE THE VAST ARRAY OF GOODS ON WHICH PEOPLE SPEND THEIR MONEY ARE FINANCED BY THE PEOPLE'S SAVINGS.

IN THE PRODUCTION OF ALMOST EVERYTHING YOU USE, FOR EXAMPLE—WHETHER IT'S CLOTHING OR CARS, TOASTERS OR TRACTORS, PHONES OR PLANES—THE INVESTMENT OF LIFE INSURANCE FUNDS HAS A PART.

## Letter to the Editor

AN OPEN LETTER  
CITIZENS OF SIERRA MADRE:

On Christmas morning, Dec. 25, there appeared on the front page of the Dallas (Texas) Morning News "An American Creed," written by a group of Sierra Madre citizens.

I wish that this creed could appear in every paper in the U.S.A., and that it could be read, digested and made a part of the life of every man, woman and child in America.

The Dallas Morning News is one of the highest-ranking papers in the country and enjoys a very wide circulation. Therefore the creed has reached many readers.

You have indeed made a lasting contribution towards Peace, and may your creed become the "American Creed" now and forever.

Thank you for your faith and loyalty to our country.

Very sincerely,

Mrs. T. C. McMurray,  
Box 296, Graham, Texas

Editor's Note: Mrs. McMurray comes to Sierra Madre often to visit Mrs. B. B. Sellars, 48 N. Hermosa. Another such visit is scheduled in the next few weeks.

"The program will help us lead up to the 1952 Lions International Convention which will be held in Mexico City," explained Program Chairman Ralph ("Pappy") Welch.

The Sierra Madre Lions Club will be "dark" next week, Jan. 17, with members planning to attend a regional meeting at the Pasadena Elks Club on Wednesday night. Speaker of the evening will be Roy Keaton, Lions International secretary-manager.

## MRS. SCHILCHER HONORED FOR HALF CENTURY IN OES

A 50-year pin, the highest award a member of the Eastern Star Order can receive, was presented Mrs. Kathryn Schilcher of the Sierra Madre Chapter Monday evening. The gold pin, in the form of a star with California in blue enamel, plus a certificate were presented by the California Grand Chapter of the Order of Eastern Star. Making the presentation Monday was Mrs. Milo Murray, worthy matron of the Sierra Madre Chapter.

The award is a token of the fraternal regard of the Grand Chapter for a devotion to the order. Not all states make this award, and the California Grand Chapter goes a step farther and takes into consideration the years of good standing a member may have earned in other states.

In presenting the certificate and pin to Mrs. Schilcher, Mrs. Murray called upon Jessie Hickok to explain the procedure involved in awarding a 50-year pin. Mrs. Murray then said in part:

"This 50-year emblem is the highest award we can give a member. You have given more than half a century of affectionate devotion to our order and are worthy of our highest praise. It is a high honor to Sierra Madre Chapter to be listed in the proceedings of Grand Chapter as having had a part in giving you this award."

"... I trust that you will wear it in the memories of wonderful friendships made during the many years of your service to this order, and that it will mean to you how you have cherished the principles of our order through the years," Mrs. Murray continued.

"May God bless you and give you many more years to enjoy the good things of life."

### ALFRED HERALD TO TALK HERE

### SCRAP METAL

ported (Jan. 3) that three steel furnaces at Gary, Indiana, and two in Ohio have been shut down due to the shortage of scrap steel. It also is noted that steel mills in Pittsburgh and Easton, Pa., Buffalo, and Cincinnati are threatened either with curtailment or shut down because of the scrap metal shortage.

"In the city water department it becomes increasingly difficult to obtain the necessary materials and supplies to maintain adequate service to our consumers and water for fire protection.

"An interesting exhibit is being developed and will be on display in the Council Chambers of the City Hall Saturday, Jan. 12, and each day for the following week. On one table will be a collection of scrap metal found in or around most homes. On the other, an example of what is produced from this material and required by your water department will be shown.

"Metals in short supply are steel, iron, cast iron, copper, brass, lead, zinc, tin, etc. Good clean metals are desired. Old auto batteries for the lead content, any type of steel or cast iron, brass in the form of faucets or plumbing fixtures, curtain rods—all will be most welcome additions to our collection.

"A few items cannot be accepted—namely, any galvanized product such as pipe and hot water tanks. These are not readily converted because of the high zinc content which produces poisonous fumes in smelting. Additional information regarding this scrap metal drive may be obtained by calling the City Hall, CUs 5-1176, and leaving your name and address."

### MENTAL STIMULUS

Prevention of alcoholism begins in the High Chair not in the Electric Chair, on Main Street not on Skid Row.

Prevention is a stronger word than cure; it averts waste, worry and broken hearts, it allows health, happiness and success a better chance of being realized, it deepens appreciation and appraisal of real and moral values.

## French Pianist Will Present 2nd Concert

Sierra Madre members of the Foothill Community Concert Association are looking forward to the second concert of the current artists course which will be presented Monday night, Jan. 14, at the Monrovia-Duarte High School auditorium at 8:15.

Featured artist will be the sensational young French pianist, Nicole Henriot. A slim, blonde Parisienne, Mlle. Henriot is the pianist whose successes already extend from London to New York, from the Near East to the Far West.

MLLE. NICOLE HENRIOT  
... sensational pianist

Mlle. Henriot follows Bidu Sayao, famed Brazilian star of the Metropolitan Opera, who opened the course in November. The series extends through the spring.

Mlle. Henriot made her debut in January of 1948 with the New York Philharmonic Symphony under Charles Munch and since then has played with major orchestras not only in this country but in Canada and South America. Following her Monrovia recital, she will go north to be soloist with the San Francisco Symphony, appearing there on Jan. 17, 18 and 19.

As with all community concert events throughout the nation, admission is by membership card only, there being no tickets available at the box office. Membership in the Foothill group is open to everyone, however, members being enrolled annually when the spring canvass is conducted.

## Deadline Friday In Essay Contest

Tomorrow, Jan. 11, is the deadline in the essay contest sponsored by the Sierra Madre Lions Club on the subject, "Learning to Live Together." Ralph ("Pappy") Welch, contest chairman, said entries will be judged Friday, Saturday and Sunday, with the contest results announced in next week's NEWS.

The contest is open to sixth and seventh grade students in Sierra Madre's three schools. Essays are to be turned in to school teachers, Mr. Welch said.

## OES Names 'Ritual' Date

Announcement was made Monday evening of the forthcoming exemplification of the "California Ritual" of the Order of Eastern Star, which will be made by the production team of the Helen Bell DeBeers Star Point Association on Feb. 18. Sierra Madre's OES chapter is eligible for this association and many of its members take part in its work, according to Jessie Hickok.

The California Ritual was written in 1874 by a committee of the California Grand Chapter and was in use until 1878 when the Ritual of the General Grand Chapter was accepted by the California Grand Chapter for use in this state. "It is the only ritual ever written by a Grand Chapter and our representative at the General Grand Chapter helped formulate the ritual we now use," explained Mrs. Hickok.

## Be 'Saintly, Serene' When Behind Wheel

In their untiring effort to find a common denominator in the causes of automobile accidents, safety experts have come up with some weighty ideas during the past two or three years. The latest of these ideas, according to the National Automobile Club, is that behind most of these battered fenders and ripped radiators you will find some little temper tantrum, some little emotional disturbance on the part of the driver.

You know how it is. There are days when you just seem to get up on the wrong side of the bed and from then on in everything goes wrong. You nick yourself with your razor. You spill some hot coffee right into your lap. When you get out on the street that annoying neighbor three houses over backs his car out like a wild man and forces you half into the gutter. And then you are off. You grip the steering wheel with a fierce determination to show the rest of the world that you can't be stepped on, that if there's any pushing around to be done, you're the guy who can do it. So you slam your car wildly about, careen around blind curves, and hasten to your rendezvous with that almost inevitable accident.

Assuming, that this is the problem, what can we do about it? Those of us who are saintly and serene have nothing to worry about. We just go on our way being saintly and serene. But the majority of us, who are not quite saintly and serene, are obliged to take another approach. We must do what we can to avoid such emotional disturbances or, having embarked on them, we must do what we can to keep them under control. When you get behind the wheel of that car make a studied effort to calm down and drive reasonably. If holding your feelings of resentment or anger under steady control seems like too much to bear, just consider the moments of anguish and the months of slow recovery that a serious automobile accident might oblige you to bear.

Just remember, when you get behind the wheel of a speeding automobile, losing your head is quite often the prelude to losing your life.

## Opera Contralto Coming to Civic

Metropolitan Opera Contralto Elena Nikolaidi will be heard in recital for San Gabriel Valley concert-goers at Pasadena Civic Auditorium when she appears on the Elmer Wilson Concert Series Friday, Jan. 11, at 8:20 p.m.

The noted singer will be making her first appearance in Pasadena. Jan Behr will be at the piano.

## Visitors Note 59th Birthday

Several out-of-town guests helped celebrate the 59th birthday recently of Hugo Maurer, 175 Mountain Trail.

Celebrants were Mr. and Mrs. Roy Maurer and daughter, Debbie, of West Covina; Mr. and Mrs. C. Toltz, Gary and Sandra of Covina Highlands; Rose Marie Lopez of Baldwin Park; Gordon Maurer, USN; and Mr. and Mrs. Hugo Maurer, Sierra Madre.

Benjamin Franklin said: "A penny saved is a penny got"—though it is usually misquoted: "... a penny earned." Either way, the regular buyer of U. S. Defense Bonds is heeding the advice of the wisest of Americans.

## FIRE FLAMES

We have ended another year. The fire records show 37 calls for the entire twelve months, ending December 31st. Of these calls, many were of little consequence and with little damage. Resident calls amounted to less than \$3000 loss for the year.

That isn't very much, according to average cities' losses throughout the country, but we still think it is too high for Sierra Madre. The men of the fire department would like to report a perfect year, without loss. It can be done. That may be a good aim for 1952.

Matches and smoking still lead the causes of fires. Next comes the misuse of electricity. Among the other top causes of fires are exposure to fire starting off the premises, sparks on roofs, overheated or defective chimneys, flues, etc., stoves, furnaces and their fittings, open lights, hot ashes and coals, open fires, ignition of hot grease, spontaneous combustion, sparks rising from combustion, rubbish and litter, fireworks and such, explosions and many others—but these are the tops.

Remember them and we may have less fires this coming year.

When we escaped fire during the Christmas season, we were lucky. Just imagine what might have happened if an untreated Christmas tree had met with a spark of fire. After a few days, those trees were about as explosive as powder. Most of them were atop cotton trimmings and this alone is cause for an explosive fire. Located near film strips, curtains, the Christmas tree is without doubt one of our greatest hazards of the year.

Let's be very thankful that we have not had a tragedy. And when we think of what might have happened, let's provide for a safer Yuletide next year. Cotton and trees can be flameproofed to the extent that they will not burn at the sign of a spark.

Members of the fire department are now able to get back in the harness and get down to the real work that is practiced throughout the year. The Christmas event requires so much time and effort that other important matters are slightly neglected.

Many fine letters of commendation have been received, commenting on the Christmas Tree and Treat and the baskets that have been delivered to those somewhat unfortunate.

The fire fighters in turn want to acknowledge the fine treatment afforded them during the campaign for funds to carry on the project.

To most residents there is an expectation of seeing a fireman at the door sometime before Christmas. To the Fire Department, the Christmas activity not only provides pleasure but adds much to retaining the great interest needed to keep the company active.

The next meeting will see the nomination of officers for the coming year. Three offices are elective and voted by the twenty members of the active roll. Offices elective are chief, secretary and treasurer. The men of the department have always selected and elected their choice, which to date has been approved by the City Council. New members to the company are also selected and elected by the membership.

The meeting and drill this Friday will be the first for the new year. The chief urges all who can to attend and begin the new year with a strong attendance.

The real rains that we have had are not only very beneficial, but they have encouraged the growth of a lot of unwanted weeds and brush that will later become dangerous fire hazard. It would be nice if we would all keep the unwanted from getting ahead of us. A little now and then will eliminate the danger before the dangerous dry season is upon us. FIRES OUT.

## Ministers Plan SC Convocation

"all are more or less arbitrary." To a question from H. E. Dewey, 50 Rancho Road, City Engineer Frederick Pack explained that under a unit-price transaction, there always is a variance between the original estimate and the final cost. Mayor William A. Kinney pointed out that when contractors are asked to present an ironclad contract price, their bids are usually higher than necessary.

All the councilmen expressed regret that there was such a variance in price, but, on motion of Councilman Washburn, a resolution denying all appeals and approving the assessment was adopted.

"I see no alternative," Mr. Washburn said.

Nobody ever jumped out of a high window because he'd invested too heavily in U. S. bonds. Defense Bonds do not rise and fall in value with the market.

### CAROLYN'S PINEAPPLE SPECIALS

"My wife does the most wonderful things with pineapple! Real main dish specials that make you sit up and take notice! . . . brags Ted."

When a man who's known as one who enjoys good food starts bragging about his wife's cooking, we're bound to ask for the recipes. That is—soon as we can get a word in edgewise.

So thanks to Ted's enthusiasm and Carolyn's generosity we have a few new recipes for you. And we think Carolyn knows a good dish when she serves it.

P.S. Ted is one of the boys at the office.

### CHICKEN, HAWAIIAN

1 large frying chicken  
1/2 C. flour  
1 tsp. pepper  
4 Tbsp. shortening  
1 No. 2 can cubed pineapple  
1/2 tsp. salt  
2 1/2 C. water

C. toasted slivered almonds  
Have chicken cut into serving pieces. Wash and dry. Dredge pieces of chicken in flour seasoned with pepper (no salt, now) and brown well in hot shortening. Add juice from the can of pineapple, salt and water. Cover and simmer over low flame until chicken is tender (about 1 1/2 hrs.). Lift chicken to a heated serving platter. Thicken sauce with 2 1/2 Tbsp. flour mixed to a thin paste with 3 Tbsp. cold water. Add pineapple and heat. Pour gravy over chicken and sprinkle with nuts. Serve with hot steamed rice. Serves six generously.

### QUICK SUPER SPECIAL

1 lb. can corned beef hash  
Pineapple cubes  
2 tsp. butter  
2 Tbsp. brown sugar  
1 tsp. prepared mustard  
2 Tbsp. pineapple juice

Chill corned beef hash in the can. Cut both ends from the can and remove contents. Cut hash crosswise into 4 slices and place in shallow baking pan. (We use a glass pie dish.) Arrange 5 or 6 cubes of pineapple on each slice, pressing in lightly. Dot with butter. Mix brown sugar, mustard and pineapple juice and pour over pineapple. Bake at 350° until pineapple is very lightly browned—15 to 20 min. Serves two really hungry people.

### CHIPPED BEEF DELUXE

1 No. 2 can pineapple  
3 Tbsp. butter  
1/2 lb. chipped beef  
Drain pineapple, but save the juice. Heat butter in a frying pan and fry pineapple cubes until slightly brown. Break chipped beef in small pieces and put in strainer. Run cold water through to remove excess salt. Add beef to pineapple in frying pan. Add pineapple juice and simmer slowly for 5 or 6 min. Serve over hot biscuits or rice. Will serve 6 normal people, but can be enjoyed by 4 big appetites.

## Timely Tips

You homemakers who wall of the woes of spots and stains will ease your worries if you will bear two things in mind—remove them as soon as possible and be sure you use the right solution for the particular type of stain. Here are a few:

For coffee, tea or fruit stains on linens, from a height of two or three feet pour boiling hot water on the stained fabric which is held taut with a rubber band over a bowl.

Sponge iodine stains with a solution of one cup of denatured alcohol to two cups of warm water.

Ink spots should, if possible, be removed immediately that they occur. Spread an absorbent, such as corn meal or flour, on the spot and work it around, brushing it off as it becomes soiled. Repeat until no more ink is absorbed, then make a paste of water and the absorbent and apply it to the stain. When dry, brush it off.

Heasley did not continue the chase on foot, but called Pasadena police who identified the car as stolen.

When picked up at his home that evening, the 14-year-old was turned over to Pasadena police. Sierra Madre police indicated the youth may either be prosecuted for the stolen car charge or for reckless driving.

## Lt. Governor Deal Inducts Hugh Warden

Hugh Warden was installed Tuesday as president of Sierra Madre's Kiwanis Club. He succeeds School Superintendent Charles A. Skutt as the Kiwanians' top officer.

Installation officer was Jerry Deal, new Kiwanis lieutenant governor for this area, and a past president of the Pomona club.

Mr. Deal presented a president's pin to Mr. Warden and a diploma of honor to past-President Skutt.

Other officers inducted Tuesday were Knox Hagar, vice-president; Bill Bodley, secretary; and Art Morse, treasurer. Mr. Morse's 16 previous years as club secretary were cited during the ceremony.

The lieutenant governor also inducted the 1952 Board of Directors, charging each with the "serious purpose" of their jobs.

Kiwanis board members for '52 are David H. Allen, Dr. Alan Burgess, Barney Eberle, Dr. Milton Valois, Henry Nelson, Philip Mitchell, Roy Pickett and John Conzelman. As immediate past president, Mr. Skutt also will serve on the board.

President Warden, in accepting the gavel, pointed out that the Kiwanis Club must move forward on "everybody's shoulders." He called for new ideas and projects to make 1952 a "big year" for the club and community.

### COUNCIL NIXES

plication of Mr. Spears. Others testifying included Paul Baumann, assistant chief engineer of the County Flood Control District, who said he was opposed to seeing "sitting ducks" which the people living there would be before the district's flood hazard work is completed.

Mr. Baumann conceded that there already were "sitting ducks" there, but it would be a different matter if a subdivision were formed, resulting in many more women and children living in the area.

As the hearing was drawing to a close, one or two of the property owners asked how the area could be rezoned R-1L (15,000 square feet). They were advised that this could be done through the Planning Commission.

Councilman Eaton had stated that "I can't understand why a person of limited income cannot live on a hillside just the same as one having a large income."
